NOW ON IN EARNEST

Coal Miners Generally Obeyed the Order to Strike.

PIVOTAL POINTS ARE WATCHED

The Next Few Days Will Determine the Success or Failure of the Fight for a Uniform Mining Rate—Two-Thirds of the Pittsburgh Men Are Out—Reports from the Different Places.

PITTSBURG, July 7.—The strike order of the national executive board of the United Mine Workers of America was obeyed by from 10,000 to 15,000 of the 21,000 miners in the Pittsburgh district. The great struggle is now on in earnest, and the developments of the next few days will determine the success or failure of the fight for a uniform mining rate. Pittsburgh is the pivotal point in the five states engaged in the contest, and the success of the local officials in their efforts to secure a general suspension in this district will have an important bearing on the outcome of the movement.

While it is estimated that at least two-thirds of the miners have thrown their picks, enough men are still at work, however, to seriously impair the chances, unless they can ultimately be brought out. This President Dolan confidently claims can be done. The operators, on the other hand, are in nowise disconcerted, and assert that the strike can not succeed.

The first break in the operators' ranks was made yesterday afternoon by J. W. Steen of the O. I. C. mines at Rossville. The diggers refused to work and the mine was closed down, but a notice was posted that hereafter the 69-cent rate would be paid. It is not likely that the officials will allow the men to work until a majority of the operators have agreed to the miners' demands.

According to estimates of the miners' officials, 62 railroad mines are idle and 26 are still in operation. They reported that in a number of cases they had heard no news from certain mines and take it for granted in many cases that they are in operation.

The mines idle are: Anderson, Allen, Amyville, Summer Hill, Beechmont, Nixon, Big Chief, Hackett, Federal, Bower Hill, Youghiogheny Gas, Forest Hill, Fidelity, Nottingham, Germania, Harrison Gas, Banksville, Cliff, Montour, Fair Haven, Lake Shore, Webster, Star, Mansfield No. 2, Moon Run, Cherry National, Eclipse, Brier Hill, Essen Nos. 1, 2 and 3, Chartiers, Hickman, Laurel Hill Nos. 1, 2 and 3, Bishop, Nickel Plate, Boyd, Grant, Osceola, Slope, Belle Vernon, Standard, Phoenix, O. I. C., Stockdale, Shepler, Pacific, Atlantic, Ocean Nos. 1, 2, 3, 4 and 5, Guffey, Oak Ridge, Creedmore, Pan Handle and Manown.

Those reported working are as follows: Boone, Youghiogheny Slope, Harrison, Allison, Eureka, Banning, Oak Hill, Plum Creek, Sandy Creek, Whitsell, Dorr, Painter, Bonland, Gasterville, Snowden, Port Royal, Jumbo, Champion, Glenshaw, First Pool, Willow Grove, Washington, Nos. 1 and 2, Smithton, West Newton and Lock Haven.

The miners' officials say the operators will claim a mine to be in operation as long as there are but two men at work. The operators claim that the Panhandle mines, operated by M. A. Hanna, where the ironclad is in force worked as usual yesterday. The miners on the other hand, maintain that the entire Millers and Thomas Run district, where these mines are located, is out on a strike. The operators themselves admit that there were not the usual number of men at work in the Snowdon and Gastonville mines operated by the Pittsburgh and Chicago company, where the ironclad is also in force.

A fair estimate shows that there are about 10,000 of the 12,000 railroad miners now out. A list of the mines idle along the rivers can not be obtained here at present and reports concerning the river situation are conflicting. The operators assert that the river mines are nearly all running, while the miners officially claim that they are all idle. Specials from Monongahela City say that 6,000 out of the 8,000 miners are on a strike.

W. H. De Armit, president of the New York and Cleveland Gas Coal company was emphatic in his statements that the strike would be a failure. "We had more men at work today," said he, "than any day for a number of years after a holiday. I attribute this to the fact that the men came to work because they did not care to be identified with this movement. More than 25 mines are working in the Pittsburgh district today."

At the miners' headquarters President Dolan was apparently in the best of humor. He had received reports from nearly every part of the district and seemed pleased with the prospects. More miners will join the movement before the end of the week," said he, "and I am perfectly satisfied with the progress made. Yet there are some mines that I hoped would be idle that are mining today."

In West Virginia the miners have been slow in responding to the strike order. A dispatch says that a general strike in the state is not probable. The men are not organized and they are inclined to regard the strike elsewhere as favorable to their chances for securing plenty of work at good prices while it is pending. Great pressure is being brought to bear upon them by the United Mine Workers' officials to join the strike, but so far without success. The impression among both operators and miners in this state is that West

Virginia will be able to supply the demand for coal in the event of a prolonged strike, and that the operators will be justified in giving the miners inducements to remain at work, as they did in 1894.

Chief Mine Inspector Paul says that he does not look for much response to the order. He says: "If the West Virginia miners remain at work during the strike in other states new markets will open up for West Virginia coals which West Virginia operators can hold after the termination of the strike. During the strike of 1894 the operators were pushed to supply the demand for coal and were able to give the miners bonuses to remain at work."

This argument has had great effect with the miners, and the United Mine Workers' officials may have great difficulty in persuading them to join the strike. This applies especially to the Fairmont, Kanawha and New River regions.

AT MINERS' HEADQUARTERS. President Ratford Confident That the Miners Will Win the Battle.

COLUMBUS, O., July 7.—There are quite a number of mining districts from which President Ratford of the United Mine Workers has not heard, yet he is as confident as ever of the ultimate success of the strike. If any unfavorable reports have been received by him they have not affected his demeanor in the least. He states that he has received no reports from West Virginia. Should the miners there not join the strike now, he thinks they can be induced to suspend work in a short time.

A telegram from Pittsburgh stated the prospects were that the men at the D'Armitt mines could be induced to join the strike, though they were working now.

A telegram from W. D. Ryan, secretary of the Illinois miners, stated that 20,000 men were idle in that state.

J. H. Kennedy, secretary of the Indiana miners, wired that 80 per cent of the miners in that state were idle and that more would quit work.

A mass meeting of Jackson county miners in Ohio voted unanimously to stand by the strike.

President Garland of the Amalgamated Association of Iron and Steel Workers, telegraphed his sympathy and assurance of support on behalf of that organization.

Samuel Gompers, president of the American Federation of Labor, wired: "I sincerely hope that the miners may be successful in their demand for living wages, and that no compromise will be accepted which does not involve the establishment of that principle."

President Gompers offers his assistance whenever it may be needed.

FIRST SIGN OF TROUBLE.

West Virginia Coal to Be Shipped Into Ohio to Supply the Trade.

BELLAIRE, O., July 7.—A large number of extra coal cars were sent into the Fairmont (W. Va.) district by the Baltimore and Ohio Railroad company. The operators of that field have notified the railway people that they can furnish 1,000 carloads of coal a day, and shipments are expected to begin soon. Most of this coal will be sent into Ohio to supply the trade in this state.

It is predicted that trouble will result as soon as an attempt is made to move coal across the river, the same as happened two or three years ago during the miners' strike.

Quite a surprise was created here when it became known that the operators of the Schick mines, three miles west of this city, had granted the advanced scale and the miners there had returned to work. A committee at once waited upon the miners at these mines and commanded that they must cease work at once. This they did. Fully 5,000 miners in this district are now out and by the end of another day every miner in the district will be in line of battle.

Sanitarium Burned by Lightning.

CHATTANOOGA, Tenn., July 7.—The sanitarium of Dr. Johnson on Missionary Ridge was yesterday afternoon, during a terrific storm, struck by lightning and totally destroyed. The inmates were removed with some difficulty. Loss \$15,000, insurance \$12,000.

Steamer Delayed.

CHERBOURG, July 7.—The North German Lloyd steamer Spree, Captain Meier, from New York on June 26 for Bremen via this port, has not yet arrived here. The delay is supposed to be due to an accident to her machinery.

Buying in the Pikes.

RICHMOND, Ky., July 7.—The Madison county fiscal court met and purchased 18 1-2 miles more turnpikes at a cost of \$12,250. The Richmond and Lexington pike, one of the best in central Kentucky, brought \$11,000.

Death of Captain Lesage.

HUNTINGTON, W. Va., July 7.—Captain Frank J. Lesage is dead at his home in this city, aged 62. He was a soldier in the war of the rebellion and has been a leading Republican politician for years.

Died of His Wounds.

PARIS, Ky., July 7.—Jeff Harris, who was shot in the breast by Jule Johnson last Sunday week, died yesterday from the wound. Johnson is now in jail. Both are colored.

Popular Young Man Drowned.

ELWOOD, Ind., July 7.—Deputy Postmaster Byron D. N. Jones was drowned at the swim in this city yesterday afternoon. Jones was a popular young man and a prominent member of the Order of Foresters.

HEAT STILL LINGERS

Deaths Due to the Torrid Atmosphere Now Prevailing.

FIVE REPORTED FROM CINCINNATI

Several Other Prostrations in That City That May Prove Fatal—The Hot Wave Reaches New York City—Four Deaths in Chicago Caused by Heat—Reports From Several Other Places.

CINCINNATI, July 7.—The cool wave that followed the rainstorm of Monday evening was of short duration and now the mercury in the thermometer is again up in the nineties. However, there were five fatal cases of sunstroke yesterday, although there was a number of prostrations, but all are likely to recover.

L. Benton, aged 40, a commission merchant on Sixth street, between Elm and Plum, was found dead in a room at Massard's hotel and restaurant, 543 West Fifth. Coroner Haerr was called, and pronounced Benton's death as unmistakably the result of heat prostration. Benton had been in the commission business for years. He had no family.

Philomena Sorg, 33, widow, of the southeast corner of Central avenue and Liberty street, was found dead in her room Tuesday morning, and Coroner Haerr was notified. Mrs. Sorg was housekeeper for saloon-keeper Rudolph Reumann, who found her dead.

A girl baby of Dina Breckinridge, colored, of 412 East Sixth street, died from the heat. The mother took her baby in a cab to Dr. Woche's drug store at Seventh and Main, where the ice treatment was re-ordered. Later the mother started home with the child and it died in her arms.

Mildred O'Donnell, the 3-months-old daughter of Joseph O'Donnell of 1202 Sycamore street died of meningitis, brought on by the heat after one day's illness. Her father is now in the hospital, suffering from a gunshot wound in the hand, and knew nothing of the child's illness.

August Wyandt, 50, solicitor for a Catholic paper at Columbus, O., was the fifth heat victim reported Tuesday to the coroner. He was found dead in a room over Eberle's saloon, 29 East Court street, Tuesday morning. He had come from Columbus April 20, and took the room in which he died. A little over a week ago he was overcome by the heat and spent several days at the Cincinnati hospital. He weighed over 200 pounds.

Among those prostrated who are in a dangerous condition are the following: Fred Drage, 24, married, of Beach Hill avenue, Cumminsville. Lizzie Helman, 18, employed at Overman & Schroeder's cordage works, on West Seventeenth street, Covington, Ky. Her condition is serious.

Harry Barker of St. Bernard, machinist at the Proctor & Gamble soap works. John Zolleis, city auditor of Newport, Kentucky.

Frank Wehner, 28, of Second street, a riverman. Condition serious.

IN NEW YORK CITY.

Three Deaths and Eleven Prostrations Caused by the Heat.

NEW YORK, July 7.—A warm wave, which is said to be due to a combination of an area of low pressure to the north and a high pressure area to the south, struck this city yesterday, and at noon the thermometer on the street level registered 102 degrees, while the humidity recorded was 91 per cent.

As the result of this intense heat there was one death, Maggie Eihl, 60 years old, and 11 prostrations. Bernard McGarry, aged 4, was overcome by the heat, fell from a fifth-story window and was killed.

William Smith, keeper of the morgue at the city hospital, on Blackwells island, died in Central park of heart failure induced by heat.

Still Hot in Chicago.

CHICAGO, July 7.—There were four deaths due to the heat yesterday, although the mercury did not rise above 90 according to the weather office. The buildings and pavements have become so thoroughly baked that it is much hotter on the streets than in the tower where the weather man does business. The dead: Adolph Balkman, Edward G. Born, Sven J. Johnson and Charles Smith. There were four cases of prostration, only one of which is serious.

No Deaths in St. Louis.

ST. LOUIS, July 7.—St. Louis was scorched again yesterday. The government thermometer registered 96 degrees; other thermometers registered 100 degrees. A number of prostration cases have been treated at the hospital, but none has resulted fatally.

Three Heat Victims in Boston.

BOSTON, July 7.—Three more victims of the heat are reported: E. A. Perkins of the South End, may die; Michael Fitzgerald, aged 38, and John Ryan, aged 55, of Melrose.

Even Hot in Canada.

MONTREAL, July 7.—Several cases of sunstroke are reported here. One man has died and another is dying.

BERRY PICKERS IN BATTLE.

An Old Veteran Stands His Ground and Several Are Wounded.

SHOALS, Ind., July 7.—General Franklin, Wesley Franklin and Ed Bleds were picking blackberries near the residence of Arnold Helton, about three miles south of this city, when Helton, accompanied by his family, appeared upon the

scene and opened fire upon the berry pickers. General Franklin had a shotgun and he returned the fire, a battle ensuing.

After the fight it was found that General Franklin had received three wounds in the back, and Ed Bleds had been shot in the head, breast and hand. Arnold Helton was shot in the back and side, Mrs. Helton was wounded in head and back, while her two daughters had also received several shot wounds. The Heltons have a reputation for turbulence. The authorities have left to bring in the principals, who are able to be moved. General Franklin is a veteran soldier and a pensioner and fearless under fire.

FRIGHTFUL BOILER EXPLOSION.

Nine People Were Instantly Killed and Five Badly Injured.

HARTSVILLE, Tenn., July 7.—A frightful boiler explosion occurred on the farm of W. A. Allen, in the Tenth district of this county, yesterday afternoon, by which nine people were instantly killed and five badly injured.

The dead are:

W. A. Allen.
James Allen.
Lindsey Allen.
Mock Tunstall.
Aaa Barr.
Forster Averitt.
— Eolton.
Len Earkdale.
Will Allen.

The latter two were negroes.

The wounded are:

Calhoun Stone, leg broken in two places.

George Dice, badly scalded and mangled; will die.

John Foley, colored, badly mangled; will die.

Albert Haley, colored, badly injured; may recover.

Sam Wheeler, colored, leg broken.

Mr. Allen and his men were just concluding the work of threshing wheat and were preparing to leave the field when the explosion occurred, from what cause is not known.

Some of the victims were mangled beyond recognition, and pieces of the boiler were blown 700 yards.

Lindsey Allen's head was blown away and has not been found.

Wheeler, Dice and Foley are certainly fatally injured.

W. A. Allen was a member of the Trousdale county court and a prominent man in his section.

Burial of Ex-Governor Evans.

DENVER, Col., July 7.—The body of the late John Evans, ex-governor of Colorado, lay in state at the capitol yesterday from 10 a. m. to 1:30 p. m. and was viewed by thousands of people. Services were conducted in the afternoon by Chancellor William F. McDowell of the University of Denver, which was founded by him. Then the Masons took charge of the body, which was interred in Riverside. The cortege was the largest ever seen at a funeral in Denver.

Wreck Caused by a Washout.

RICHMOND, Ky., July 7.—The southbound Louisville and Nashville express was ditched at Harris Flat near here, a heavy rain having washed portions of the track. The engine and express cars left the track. The passengers escaped injury, but Engineer John Clark and Fireman Frank Hutter were seriously injured. Clark's face was scalded in a fearful manner. Hutter's head was torn and bruised.

Engineer, Fireman and Brakeman Killed.

WOODSVILLE, N. H., July 7.—A freight train on the White Mountain division of the Boston and Maine railroad was wrecked by a washout at a point four miles south of this station yesterday, killing Patrick Lennon, engineer, of Whitefield, N. H.; Bert Peables, fireman, of Woodsville, N. H., and O. E. Lange, brakeman, of Berlin, N. H. The engine and three cars were badly wrecked.

More Assets Than Liabilities.

TRENTON, N. J., July 7.—The receiver of the Brewer Pottery company of Tiffin, O., has filed in the United States circuit court in this city a sworn inventory of the assets and liabilities of the concern. The assets are given at \$95,146 and the liabilities \$71,447. In addition to the assets given there is also an item of \$11,034 of accounts receivable which are either disputed or doubtful.

Well Known Physician Dead.

NEW YORK, July 7.—Dr. Ira Beman Read, a well known physician, is dead at his home in this city, aged 56 years. He was a native of Ohio. In 1862 he enlisted in an Ohio volunteer regiment and served until the end of the war, being then captain and acting assistant inspector general of the staff of General Rosecrans.

Struck by an Express Train.

PITTSBURG, July 7.—Michael Flager and his daughter attempted to drive across the tracks of the Pittsburgh and Lake Erie road at Amity street, Homestead, yesterday. The wagon was struck by an express train. Flager was thrown in front of the train and instantly killed. His daughter escaped injury by jumping.

Four Drowned.

SAN ANTONIO, Tex., July 7.—George Reoley, a ranchman, his wife and two children were drowned in the Rio Grande while trying to cross the river in a skiff.

Fell Dead in His Chair.

CLARKSVILLE, Tenn., July 7.—While seated in a chair Charles Waller, aged 75, a wealthy Christian county planter, fell dead from heart failure.

OHIO CROP REPORT.

Returns Made to the State Board of Agriculture.

WHEAT PROSPECTS IMPROVED.

Harvest in Progress Throughout the State. Corn Prospects Are Excellent—Fruit Prospects Poor, But an Abundance of Berries—An Engagement Announced. Other Ohio State News.

COLUMBUS, O., July 7.—The July report of the state board of agriculture is in course of preparation. It gives the wheat crop as 86 per cent compared with an average crop, which is a much better prospect than shown at the beginning of last month, and shows that the weather of the month of June was favorable for the growing crop.

Corn prospects are given as 96 per cent.

The report states that wheat harvest is in progress throughout the state, and the uncut grain is standing up well in the fields.

Fruit prospects are poor, with the exception of berries, of which there is an abundance, especially blackberries.

HUNTING SPOOK TREASURE.

An Ohioan Plowing Up His Farm in Search of Buried Gold.

DEFIANCE, O., July 7.—W. P. Sanford, a spiritualist, and Allen Noe, a medium, have for the last year been holding a series of services at various portions of the country. At these meetings a spirit of a long deceased pioneer never fails to appear and tell of a treasure of \$8,000 in gold which he buried on Sanford's farm years ago.

Sanford engaged several men, and with a deep plow and four horses is at work turning over the ground in a 20-acre lot in the southeast corner of the farm where the spirit locates the buried treasure. Sanford declares he will turn over every foot of ground on his farm of 160 acres to find the pot of gold, which is but one foot under ground.

Miss Hayes to Marry.

FREMONT, O., July 7.—The engagement of Frances Hayes, only daughter of the late ex-president, R. B. Hayes, to Ensign Harry E. Smith, U. S. N., also of this city, was announced at a tea party at the Hayes mansion in Spiegel grove, this place, yesterday evening. Ensign Smith is at present one of the instructors on the United States ship Constellation at Newport, R. I. He was born and raised in this place. The wedding date has not yet been fixed.

Hearse Factory Struck by Lightning.

RAVENNA, O., July 7.—The Riddle coach and hearse factory was struck by lightning yesterday and the blacksmith shop is in ruins, having caved in after the shock. H. W. Riddle estimates the loss at between \$4,000 and \$5,000. He has \$2,000 insurance on the building. If the accident had happened during working hours lives would have been lost.

CLEVELAND, O., July 7.—The Britton Tin Plate company has decided to pay the advance of 8 3-4 per cent agreed upon at the conference of the Amalgamated Association workmen and the tin manufacturers. As the result of the decision 200 men will return to work.

Took His Own Life.

KENTON, O., July 7.—Peter Pfeiffer, a well-to-do farmer of this county, committed suicide yesterday afternoon by hanging himself in his barn. No reason can be assigned for the rash act except failing health. He was 60 years old.

Editor Bowen Dead.

MCARTHUR, O., July 7.—J. W. Bowen, who established the McArthur Enquirer here in 1867, and was for 16 years publisher of the paper, died at his home here. He has been confined to his bed for eight years.

LOWELLVILLE, O., July 7.—An Italian child, 2 years old, wandered onto the Pittsburgh and Lake Erie tracks here and was struck by a train and killed.

Young Man Drowned.

COSHOCOTON, O., July 7.—A young man named Charles Wilcox was drowned in Wills creek, seven miles south of here, while boat riding.

BACK IN WASHINGTON.

Return of the President and Party From Canton, Ohio.

WASHINGTON, July 7.—President McKinley and his party returned here from Canton yesterday afternoon on the regular train over the Pennsylvania. The party consisted of the president and Mrs. McKinley, Miss Mabel McKinley, Miss Buckingham of Canton and Assistant Secretary Day. They occupied part of the drawing room and observation car Hazeltine at the rear of the train of four coaches.

Secretary Porter and Steward Sinclair, from the White House, and Captain A. C. Tanner, Secretary Bliss' confidential assistant, and the president's townsman, were at the station and the party drove immediately to the White House.

The president suffered considerably from the heat and evidently was fatigued from the journey. He enjoyed the trip, nevertheless, despite the 100-degree mark recorded at Canton on Monday.

Mrs. McKinley stood the journey better and smiled pleasantly as she and her husband greeted those about them.

ACTING GOVERNOR WORTHINGTON has restored only forty-seven ex-convicts to citizenship and granted only thirty-four pardons in eighteen days in June.

LOUISVILLE Republicans are not dwelling together in peace and harmony these days. An effort will be made by old-time Republicans of that city to oust the present Executive Committee of Jefferson County. Lively times are ahead in the Falls City.

ENORMOUS crops in all sections have caused prosperity to strike the farmers so hard that they hardly have wind enough to join the chorus of calamity howls.—Louisville Post.

The Post loses sight of the fact that if these "enormous crops" are sold at less than cost of production, (as the crops have been selling for two or three years) it means bankruptcy for the farmers instead of prosperity.

HERE are some resolutions that have the genuine ring. They were adopted by Democrats at their celebration of Independence Day at Washington City last Monday:

We indorse the time-honored Democratic doctrine that taxes should be levied for revenue, and limited to the wants of a simple government honestly administered, and we denounce the scheme of the Dingley bill and the various amendments thereto as a more flagrant robbery of the masses than the Republican law known as the 'McKinley bill,' twice repudiated by the people.

We reaffirm the Democratic doctrine that the legal tender money of the people should be issued by their government; and we demand that all paper representative money shall be redeemable in the coin, silver and gold, of the constitution; and we demand the free and unlimited coinage of both gold and silver at the present legal ratio of 16 to 1 without waiting for the consent of any other nation.

As our forefathers 121 years ago declared that this people were and of right ought to be free from all foreign domination, now do we demand that this people make its own National laws, all of them, without asking the advice or consent of any foreign government.

Bourbon's Wheat Crop.

The largest and best crop of wheat known in Bourbon for a long time is now being harvested and will probably yield about twenty-five bushels per acre. The Paris Milling Company this week bought several lots at the market price at time of delivery. The opening price will be about 60 cents, says the News.

Two Lives Saved.

Mrs. Phoebe Thomas, of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thos. Eggers, 139 Florida street, San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else, then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottles at J. James Wood's Drug store. Regular size 50c. and \$1.

CONCERNING WHEAT.

Movement of Farmers to Prevent Speculators From Manipulating the Market.

LEXINGTON, KY., July 5.—At the Wheat Growers' convention this afternoon J. C. Hayes, of Woodford County, was made President, and on account of the small attendance an adjournment was taken until Monday, July 12, at 2 o'clock. The purpose of the Kentucky wheat growers is to oppose the manipulation of the wheat market by speculators. They claim that whatever action they may take will not increase the price of breadstuffs to the consumer, since the miller charges the same price per hundred weight for his flour, whether he purchases his wheat at 50 cents or \$1 per bushel.

There is scarcely any old wheat on the market, and to supply the demand for flour the millers must, in a few weeks, begin grinding new wheat. The farmers argue that if they can hold their wheat until the demand necessitates purchase by millers they can realize a price which will give them a profit over the cost of production sufficient to even up the loss on wheat last year. Col. Tobias Gibson, a leader in the movement, said:

"The banks of Versailles have money to the amount of about \$150,000 which they will lend the farmers on wheat, and I am confident that similar arrangements can be made with the banks throughout Kentucky. In this way they can secure sufficient money to enable them to hold for better prices. We are not forming a trust, it is a protective association."

At the meeting on Monday a resolution will be presented requesting Congress to adopt the Cannon amendment to the tariff bill. Kentucky wheat this year is estimated at 15,000,000 bushels.

DEBOE AS A DODGER.

Sneaked Out to Keep From Voting on the Whisky Tax Reduction Question.

[Enquirer Correspondence.]

Senator Deboe this afternoon gave an exhibition of how easy it is to dodge a vote when one does not want to go on record. Up to this morning he was heartily in favor of the reduction of the tax on whisky to 70 cents a gallon, a figure which the Treasury has demonstrated is the highest revenue producing point. He would not only vote for it, but declared his intention of offering such an amendment. Mr. Hanna heard of it, and walking over to the desk of the Kentucky Senator this morning, entered his veto against such a course. Then Mr. Deboe's ardor for the reduction of the whisky tax suddenly cooled.

The amendment was unexpectedly sprung on the Senate, however, by Mr. Lindsay, and when the vote was reached Senator Deboe dodged. Senator Bate, of Tennessee, with whom he was paired, asked if he had voted, having seen the Kentucky Senator in his seat but a moment before, and withdrew his vote on account of the absence of Mr. Deboe.

THE TOBACCO CROP.

Reports Show a Shortage in Kentucky. The Season Was Late—Amount of Shortage.

LOUISVILLE, KY., July 6.—On account of the great interest in the tobacco crop, a newspaper here some days ago sent letters of inquiry to a number of its correspondents over the State asking information as to the condition of the crop.

Replies have been received from more than a score of the most important tobacco raising counties, with information as to the seasons, the extent of planting, condition of plants and acreage as compared with last year and amount of old tobacco now on hand.

No county so far reported will equal in acreage its production of last year. In some counties the percentage is as low as one-third, or even lower. The seasons were late. Reports as to the condition of the crops are varying. In some counties the outlook is good, in others bad; in others medium. Only a small part of the old crop is left in the hands of the farmers.

Old People.

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whisky nor other intoxicant, but acts as a tonic and alterative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price fifty cents per bottle at J. James Wood's drug store.

In the County Court Tuesday, Joshua Burgess, Rufus Robinson and Jacob Sheeler were appointed commissioners to condemn land belonging to William Byron and Mrs. Julia Peers, of Charleston Bottom, for turnpike purposes. The land sought to be condemned is for an improvement of the Blue Run pike.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by J. James Wood.

Friday's Cash Sale!

Money's Saved When Spent at Hunt's.

COLLARS AND CUFFS.—We bought them last week from a Boston wholesaler who needed money more than he needed merchandise. It's really a larger lot of Collars and Cuffs than we ought to buy at this season, but we couldn't resist the temptation of such an alluring bargain. Besides, there's an object lesson in such a purchase. It shows what cash buying and cash selling can do. The lot includes four styles in collars, two standing and two turnovers, and two styles in Cuffs, a narrow and deep turnover. All are four-ply linen, regular 15c. Collars and 25c. Cuffs. Don't suppose for a minute we are talking of 10c. Collars and 15c. Cuffs. Ours are not cheap cottony two-ply makeshifts, but heavy four-ply linen, and the price no higher than the trashy grades. Collars 9c., Cuffs 18c. One lot of Cuffs 12c. a pair. Convince yourself by inspection. Our goods will prove every letter of our argument.

STOCK TIES.—Handsome stocks of colored silk finished with satin band and bow. All sizes, all colors. Regular 25c. goods, some worth 50c. Came to us in a bargain. Go to you the same. Price 10c.

D. HUNT & SON.

Working People's Rights.

One of the most tremendous indictments of the average wage earner ever put upon paper was written by Helen Wilmans. It has become famous, and extracts from it still appear from time to time, although it was written some years ago.

Mrs. Wilmans took the ground that when labor is the slave of capital it deserves to be for its pusillanimity in putting up with what it believes to be wrong. She confessed she had more respect for the monopolist than for his victim. Here is some of the language of this remarkable screed:

Your masters are a handful; you are legion. Your masters are intelligent, many of them considerate and just, as the world goes, and though they will not voluntarily relax their selfish grip on the good things of life not one of them would dare to refuse you justice if you had it in you to take a brave and manly stand for your rights. But you are more fooled by the faroff dazzle of their gold than they are by its possession. They have some moments, when they reflect how their money has been gathered at your expense, moments when they almost wish that the system which fosters robbery and makes gold king, which puts in abeyance every noble impulse, could be changed for some better and more righteous way.

But you—you adore the system. You doff the ragged cap and bend the servile knee before the baser part of these men's natures, and your only desire for liberty is for the sake of emulating their views instead of their virtues. They know this, and they know also that a social rupture that would transform you into millionaires at their expense would be the greatest possible calamity, for these men, selfish as they are, have necessarily, without really intending or desiring to do so, benefited the race throughout by their enterprise. They have built railroads and made the different races of men one nation. They have utilized your dumb energies to serve mankind in serving themselves. They have used you as machines, employing your services at the lowest cost compatible with the preservation of your lives and your muscular power, until at last they can supplant you with the cheaper material of wood and iron, and all because they could do it, because you have permitted it.

There are only two ways for you. Your muscles are superseded. The demand for them becomes continually more limited. The world's call on all men now is for brain. It asks you to think, that through it may develop the finer and as yet unexplored forces of true manhood. If you neglect or refuse to respond to this call, there remains but the other alternative—to die and give place to a race of men who are susceptible to the noble impulse of a more refined age.

River News.

Falling at this point.
 Bonanza for Pomeroy and Cummings for Wheeling to-night. Down: Stanley.

The Virginia, Queen City, Hudson and Keystone State, Pittsburg packets, are all at Cincinnati.

The Ruth that has been in the Sisterville and Wheeling trade has been forced out by low water and has returned to Ironton.

Portsmouth Blade: "It is reported that as soon as the water gets to low to reach Wheeling the steamer Cummings will enter the trade from Portsmouth to Cincinnati. The White Collar line is said to be intending to put their Maysville packet, the Courier, in the Monday trade from this city, going out just in advance of the Cummings. The latter boat is doing the business between here and Cincinnati, and had a nice trip down last week."

The Best Bracer.

[Chicago Times-Herald.]

The fact is, no one should drink anything at all before his morning meal, unless it be water. The finest "bracer" known to man is a glass of water at a temperature of about 45 degrees. It should not be gulped down, but should be drank slowly, swallowing a mouthful at a time and then waiting for a couple of seconds before drinking again. Any old toper in Virginia or South Carolina will tell you that this remedy is better than all of the cocktails that have been mixed since Ramezes II. was a child.

ROSENAU BROS.,

PROPRIETORS.

STRONG EVIDENCE OF MURDER.

Belief That a Drummer Was Foully Dealt
With by Shantyboatmen.

[Enquirer.]

WEST UNION, OHIO, July 5.—An En-
quirer correspondent visited Rome to
learn if anything additional could be
found to corroborate the stories told by
young Rose and old Mr. Robinson, rela-
tive to the supposed murder of an un-
known man on a shantyboat just above
that town. A number of citizens were
found who knew of the stranger starting
up the shore, after stating that he in-
tended to get the men on the boat to row
him across the river, as he wanted to
make sure of catching the eastbound
train. He was desirous of reaching
Vanceburg that night.

The ferryman, at the time, had taken
several passengers across to catch the
westbound train. The station agent,
mail carrier and several other parties are
positive that the stranger did not reach
the depot that afternoon and board the
eastbound train. Neither did he return
to town. It was learned that the man
took dinner at the Valley House, but, as
the hotel keeps no register, he left no
record of his name. It is also learned
that the shantyboat was at Vanceburg
the Saturday previous, and there were
only two men on the boat.

A boat answering the description of
the one that lay at Rome passed Wrights-
ville just before dark the day of the
supposed murder, and one man was using
the oars. Young Rose states that when
the boat left Rome one of the men took
the oars. Young Rose also states that
when the boat was turning around he
could plainly see a man stretched out on
the floor of the cabin. Beyond sending a
description of the boat to towns below,
the local authorities have done nothing
to investigate the supposed murder.

Accident on the L. and N.

A southbound through passenger train
on the L. and N. was ditched at Harris
Flat near Richmond at 1 o'clock yester-
day morning, a heavy rain having washed
out portions of the track. The engine
and express cars left the track. Engi-
neer John Clark was dangerously scalded
and is in a critical condition. Fireman
Frank Hutton was badly cut about head
and face and seriously hurt. Both men
reside in Covington and were taken
home. Passengers escaped injury.

The accident delayed the train due
here at 9:50 a. m. and it did not arrive
until after 12 o'clock.

Mrs. JOSEPH McCANN, aged seventy,
mother of James and Joseph McCann,
prominent Fayette County farmers, was
brutally assaulted by a negro Monday
evening at her home. He gagged her and
then carried her to a cabin in the yard,
where a desperate struggle ensued. He
was finally frightened away. A suspect
was arrested at Georgetown yesterday.
If the brute is captured he will very prob-
ably be lynched.

PAT ROONEY, the riding monkey, will
give an exhibition at the park to-night.

MR. E. H. BINZEL, the clever and court-
eous agent of the L. and N. railway at
that point, has gone to Beaver Dam, Wis.,
to visit his parents. His wife and son
have been there a week or two.

WHAT's the matter with Ballenger's
watches and watch charms? Nothing at
all. They are the best to be had any-
where. He guarantees them to be just
as represented. He has an elegant line
of goods which he will take pleasure in
showing you.

CHEMICAL experts of Cincinnati, em-
ployed to analyze the stomach of Tom
Crain of Fleming County, who was found
dead under mysterious circumstances
about a month ago, reported Tuesday to
the county officers that no traces of
poison were discovered.

"THE Fiscal Court is completing ar-
rangements for the suit to condemn that
part of Col. W. W. Baldwin's Maysville
and Lexington road which lies in Bourbon
County," says the Bourbon News. "Col.
Baldwin will come to Paris next Tuesday
to meet the Fiscal Court and make it a
proposition. If it is favorable the suit
may be withdrawn."

FLEMINGSBURG Gazette: "In a bunch
of bananas received by C. J. Sutton last
Friday afternoon were found two live
rats of a reddish brown color. They were
comfortably domiciled in a nest, having
come all the way from their native land
wherever the fruit was grown. One of
the little animals was killed and the
other was captured alive."

THE combined lodges of the A. O. U.
W. of Kenton and Campbell counties
will give their third annual outing Sat-
urday, July 24th, at the Ludlow Lagoon
and it has been decided to make same a
grand reunion of all the members, their
families and their friends. Supreme Lec-
turer Tate and other supreme officers
and officers of the grand lodges of Ken-
tucky and Ohio will probably be present.
An attractive program is being arranged,
including a display of fire works. The
members of Mason Lodge No. 20 of this
city have been invited. Efforts are be-
ing made to secure a special low rate
over the C. and O.

Park Theatre.

There was a fair sized audience out at
the park last evening. The guarantee of
the management that a first class show
would be given, was more than fulfilled.
A cleaner or more pleasing entertainment
has never been presented by any com-
pany here. Every act was encored time
and again. The special feature calling
for notice was the dancing of "Mlle"
Chulita. Her dancing is the acme of ex-
cellence, her lithe movements, the per-
sonification of grace; her act alone is
worth the paltry admission charged.
The best people in town were represented
in last evening's audience. Don't fail to
go out this evening. A change of pro-
gram nightly.

NEW WHEAT.

The First Delivery of This Year's Crop Was
Brought in Tuesday.

The first load of the new crop of wheat
was delivered here Tuesday. It was
grown by Col. W. W. Baldwin and was
brought direct from the thresher.

The yield is a good one, both as to
quantity and quality.

Col. Baldwin has not sold his crop, but
is storing it in the big Cooper warehouse.

Six y cents was offered Tuesday in this
city for the new crop, but none was sold
at that figure.

WATCHES in endless variety, prices
lower than any other house. I am to-day
showing the most select stock of dia-
monds ever shown in Maysville before,
and at prices never equalled before.

FIRE INSURANCE.—J. C. Everett.

YES,

Matters Are Improving!

Hundreds of times within the
past month have we been asked
if business is improving.

Above is our answer.

The improvement in prices
in our home-grown products has
a tendency to lead people to buy-
ing better qualities than they did
in the past three years.

As an evidence of this we can
truthfully say that since the ad-
vance of price in tobacco we
have sold more of our highest
class of goods than in thrice the
given time in the past few years.

It is a great satisfaction to a
merchant to sell good, reliable
goods. Greater still when he
knows his efforts in that line
are appreciated.

The season for selling sum-
mer Clothing is drawing to a
close. Having bought only the
highest grades of garments, we
have nothing of any hard char-
acter to offer as a catch.

To be sure, in many of our
lines sizes are broken, but if you
can be fitted you will buy the
choicest of Clothing at less than
you pay for ordinary stuff else-
where.

From the 1st to the 10th of
July we will devote to a clearing
sale throughout all of our de-
partments. If you desire to par-
take of some of our good things,
come along.

Friday, Saturday and Mon-
day we will have plenty of help
to wait on you.

BEN T. SMITH, of this city, has the con-
tract for building the foundation for the
new home of John P. McCartney at Flem-
ingsburg.

D. E. MCINTURF, of Ludlow, rode from
Frankfort to Georgetown Monday morn-
ing on his wheel and died shortly after-
wards from sunstroke.

VANCEBURG, Paris and other points in
surrounding country were blessed with
hard rains Monday. At Vanceburg there
was a heavy downpour nearly all day.

THE C. W. B. M. of this city will ob-
serve C. W. B. M. day by a special service
in the chapel of the Christian Church
to-morrow (Thursday) evening instead of
the regular prayer meeting. Public in-
vited.

OLD wheat is now selling in Cincinnati
at 79 and 80 cents. The Post says the
first of the new wheat is expected to
bring about 70 cents, and the price will
fall as the supply increases until it will
probably come to a stand at 65 cents per
bushel.

CAUFIELD, ex-clerk of the Eddyville
pen, refused to turn over the combination
to the safe when he was fired from the
position a few days ago. The safe has
been opened but the money Caufield was
positive he had left in it is missing. That
may account for his refusal to give up the
combination.

JOSEPH FISHER, a wealthy brewer of
Ironton, went to Cincinnati Monday,
where he was overcome by the heat and
died shortly afterwards at the Palace
Hotel. He had just completed an ele-
gant home at Ironton, and a few days
ago remarked to a gentleman, who is at
present in Maysville, that he was "now
ready to enjoy life."

CINCINNATI Enquirer, July 6th: "Judge
Garrett S. Wall, of Maysville, Ky., one
of the leading silver Democrats of his
section of the State, is at the Gibson.
The Judge is of the opinion that the Re-
publicans will not nominate a candidate
for Clerk of the Court of Appeals, but
leave that to the gold Democrats. The
Judge thinks this would be a good thing
for the regular Democratic candidate,
inasmuch as he would draw many silver
Republicans to his support."

HANDSOME INVESTMENT.

Mr. W. J. Kehoe Buys \$50,000 Worth of
Real Estate in Washington
City.

[Washington Star, July 3rd.]

The sale of a valuable piece of real es-
tate on that busy thoroughfare, F. street,
which was recorded Friday is the subject
of general gossip to-day. The property in
question is that located at No. 1224 F.
street, three doors east of 13th, now occu-
pied by A. Gude & Brother, the florists.
The lot is twenty by eighty feet in dimen-
sions, improved by an attractive four-
story and attic building, and was sold by
Mr. Jesse L. Heiskell, of the firm of Heis-
kell & McLeran to Mr. W. J. Kehoe for
the sum of \$50,000, subject to a trust of
\$25,000 and a lease, which has nine years
to run, of A. Gude & Bro. The invest-
ment of Mr. Kehoe is regarded as an ex-
cellent one, as Gude & Bro. pay \$3,000
per annum rent on their lease and also
pay the taxes on the property. The
building occupying the property is new
comparatively and cost \$11,000. The
area of the lot is 1,600 square feet. De-
ducting the cost of the building from the
price paid it will be seen that the land
brought within a fraction of \$25 per
square foot, which is regarded as a very
good price for the property.

MR. JOHN METCALFE, who was here

Misses Reed and Reynolds, of Carlisle, Misses Piper, of Hutchinson and Kansas, and Misses Wells and Ball, of Maysville, were entertained Monday evening by Misses Florence and Margaret Robb.

WEDONIA.

Sickness is very prevalent at present.

Mrs. R. B. Cord, of Covington, is here visiting friends.

The Ladies' Aid Society is doing quite a lot of nice work.

Misses Alice and Margaret Lally went to Mayslick Sunday.

Quite a number from here went to the fair grounds Saturday.

Misses Katie Preston and Amanda Bullock spent the Fourth in Maysville.

The protracted meeting at Mill Creek will begin the first Sunday in August.

Mrs. C. A. Goodman entertained quite a number of her friends the past week.

John Walton is able to be out again after a lingering illness of about two weeks.

Nettie Robinson, the eleven-months-old daughter of Mr. and Mrs. John E. Cord, passed away early Thursday, July 1st, at their home near

Many think

when it was said to the woman: "In sorrow shalt thou bring forth children" that a perpetual curse was pronounced, but such is not the case. True, dangers lurk in the pathway of the expectant mother and should be avoided.

"Mother's Friend"

so prepares the system for the change taking place that the final hour is robbed of all danger and pain. Its use insures safety to the life of both mother and child, and makes childbirth easy and recovery more rapid.

"Mother's Friend" is the greatest remedy ever put on the market, and my customers praise it highly."—W. H. King & Co., Whitewright, Tex.

Wedonia, with whooping cough. The little one had been sick for a long time with other complaints and then took this disease which proved fatal. The family have the sympathy of their many friends, and especially the heart-broken mother, in her bereavement. Funeral services by Rev. Tindler, of Mayslick. Interment at Dobyns' Cemetery.

Mrs. Henry Cord has been entertaining some of Carlisle's good people the past week.

Rev. Schoonover has returned home after a pleasant visit to his mother in Indiana.

Mrs. Mary Eckman has returned to her home at Mt. Carmel, after a week's visit to her sister, Mrs. O. A. Bateman.

Mrs. Ball and daughter, Mrs. Mitchell, and little children, of Maysville, have returned home after a week's visit to D. E. Bullock and family.

GERMANTOWN.

Miss Mary H. Thompson, of Maysville, is visiting Miss Gracie Pepper.

Dr. Wall and wife, of Maysville, are visiting their daughter, Mrs. Dr. Dimmitt.

Mr. Prewitt and wife, of Lincoln County, are visiting their daughter, Mrs. Weiburn.

J. T. Frazee, wife and grandson, Arnold Hart, returned to their home on Monday morning.

Moss Walton, after an extensive and thorough course of instruction at the Boston Academy of Music, is at home for a short visit with his parents.

Dr. Merrill Ricketts, of Cincinnati, is doing a variety of surgical work in this and adjoining counties. On Monday morning he performed laparotomy on Mrs. Frank Harmon for removal of the ovaries. The patient is doing well at this writing.

The things that people see are inside of them and not outside. No two people see the same thing exactly alike. One woman may look out at a beautiful landscape and see all the beauty and restfulness and grandness that there is in it. Another one will look out at the same scene and see nothing. The man who is perfectly well and vigorous enjoys life to the full. Dr. Pierce's Golden Medical Discovery makes people well. There isn't anything miraculous about it—it is the most natural thing in the world. It simply puts the digestive organs, the stomach, the liver, the bowels, in perfect order and thereby makes the blood pure and rich. All diseases live and thrive on impure blood. Keep a stream of pure, rich, red blood flowing into a diseased spot, and the disease will not stay. A man lives on rich, pure blood, and the disease dies on it.

Dr. Pierce's Golden Medical Discovery makes pure, rich blood. Send 21 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," profusely illustrated.

STREET CAR WRECK.

Four People Fatally Injured and Twenty Others Badly Hurt.

PITTSBURG, July 7.—Four people were fatally injured and 18 or 20 others were more or less injured in a street car wreck last night, on the Forbes street line of the Consolidated Traction company. The names of those seriously injured are:

Michael Doyle, motorman, top of head torn away, two ribs and a leg broken; will die.

W. A. Manly, employed in the circulating department of The Times, scalp laid bare and hurt internally; will probably die.

Miss Smith, skull fractured; will die.

C. C. Rogers, leg and arm broken and hurt internally; will die.

Mrs. Mary H. Wilson, Arch street, Allegheny, two ribs, right leg and left ankle broken; may recover.

Those less seriously injured were: Edward Biersch, Mrs. Edward Biersch, W. H. Eisenbeis, John McElroy, Henry McHenry, John Carr, Miss Alice Mooney, Miss Carrie Knightlinger, Joseph Mackie, Peter Fay, Miss Lizzie Smith, Miss Annie Smith, John Hoover, Edward Kinney, two unknown women and one unknown man.

The seriously injured were taken to the hospitals and the others were taken to their homes.

The wreck occurred on the Soho hill at the time, when the immense crowds which attended the fireworks display at Schenley park, was returning home. An Atwood street car had gone half way down the hill when it jumped the track, closely following it came an open summer car with a trailer, both densely packed with people. Before the second train could be stopped it crashed into the derailed car. Hardly had the first collision happened before a third car, heavily laden, came down the hill at full speed and forced its way into the wreck ahead. It was the second crash that did most of the damage.

Sandbagged and Robbed.

CLINTON, Ind., July 7.—A young man named Russell was sandbagged and robbed at Summit Grove, a hamlet three miles north of this city yesterday morning early. The victim is the son of a Montezuma miller, and had come to Summit to collect a flour bill. He was walking on the railroad toward Hillsdale when the assault was committed. The assailants secured a good sum of money and so far have escaped. It is thought the victim will die.

An Uxoricide in the Death Chair.

SING SING, July 7.—John Henry Barker, colored, was electrocuted here yesterday for wife murder. The crime was committed on Aug. 30, 1895, just outside of White Plains. Barker was jealous of his wife and after being separated from her for some time returned on the date mentioned and shot her to death, afterward hacking her body with a spade.

INDIANAPOLIS, July 7.—John Reynolds, for 30 years publisher of the Odd-fellows' Talisman, and one of the best known Oddfellows in the United States, died at his home in this city yesterday. Mr. Reynolds was 70 years old and had been for several years suffering from fatty degeneration of the heart.

Drowned While Bathing.

INDIANAPOLIS, July 7.—Charles G. Deschler, known to nearly every commercial traveler in the country as the manager of the Bates House cigar and news stand, was drowned yesterday afternoon at Broad Ripple while in bathing with a party of friends.

GUILTY OF MANSLAUGHTER.

George Dinning Sentenced to the Kentucky Penitentiary for Seven Years.

FRANKLIN, Ky., July 7.—The jury in the case of George Dinning, colored, charged with killing Jodie Conn, white, returned a verdict of guilty of manslaughter, and fixed his punishment at seven years in the penitentiary. Motion was made for a new trial, and Dinning was taken by the militia to jail at Louisville, where he will remain until the motion is passed upon.

It is thought that the governor will pardon Dinning immediately after he is taken to the penitentiary.

Last December a mob of 26 men, led by Jodie Conn, went to Dinning's house late one night and ordered him to leave the county. Dinning refused, and, believing his life was in danger, fired his shotgun in the direction of the mob. The contents struck Conn, killing him instantly. Dinning fled, but the next day gave himself up to the authorities at Bowling Green. The night after the killing the mob burned Dinning's house.

Dinning had to be taken to Louisville for safe keeping, and during his trial was guarded by two companies of the state militia. The feeling was so intense at Franklin that Captain Gaines and Lieutenant Gordon of the state guards were assaulted by Conn's friends.

LAST DAY OF TARIFF TALK.

A Final Vote on the Bill Will Be Taken Before Adjournment.

WASHINGTON, July 7.—The final vote on the tariff bill will be taken in the senate before adjournment today, a definite agreement, assented to by all parties, having been reached at the close of the debate yesterday. The agreement is as follows: "That debate on the tariff bill shall proceed under the five minute rule after 1 p. m., and that the final vote on the bill shall be taken before adjournment."

During the day the anti-trust question was debated at length, and Mr. Pattus' amendment on the subject was defeated, 23 to 36. Mr. Allen of Nebraska again offered the amendment for a 1-4 cent bounty on beet sugar. It led to lively and somewhat personal speeches from the two Nebraska senators, after which the Allen amendment was tabled, 57 to 9, the Populists and Silver Republicans being the only ones recorded against the motion to table.

Shot His Son-in-Law.

VALPARAISO, Ind., July 7.—Charles Lybarger quarreled with Bert Woodard, his son-in-law, claiming that Woodard was too officious about his house, but the men separated without coming in collision. Later, however, Lybarger armed himself, and finding Woodard at home with his wife and mother-in-law, he opened fire, one bullet striking Woodard in the side. The wound is not fatal. Lybarger was arrested for attempted murder.

Dead in His Cell.

BRAZIL, Ind., July 7.—James McDermont, a well-to-do miner, was locked up in the county jail as insane. He protested strongly. A few hours afterward he was found hanging by the neck dead. McDermont strangled himself with his suspenders.

LAND FOR SALE!

I will offer at private sale 600 acres of Land lying in Salt Lick Valley, in Lewis County, Ky., and two and a half miles from Vanceburg, the county seat, and on a good turnpike. There is 100 acres of bottom land and 500 acres hill land. The hill land produces tobacco, corn, wheat and grass and is also the finest fruit and strawberry land in the State. The bottom land grows corn, wheat and timothy hay, and has 1,000 choice fruit trees on it now. There are two good dwelling houses, a good stock barn, an almost new tobacco barn, a good corn crib and plenty of water for stock and family use. This is one of the best stock farms in the country. This farm is for sale under a judgment recently rendered in the Lewis Circuit Court and is offered at \$5,500, which is a very low price. Will make purchaser a warranty deed.
